

CONSTRUCTSECURE
MANAGING YOUR RISK...SMARTER™

Safety Assessment

Program for:

ACE FIRE SERVICES

The Safety Assessment Program reviews a company's historic safety performance and current safety management systems. The program normalizes data for vendor or contractor size and type of work performed.

The program provides thorough, objective and consistent evaluation of company performance so clients can identify, monitor, and manage risk smarter. The results provide a strong indicator of how a vendor or contractor values safety and a reliable predictor of future performance.
